

AI Workshop: Hands-on with GANs Using Dense Neural Networks (2023)

Course completed by Rajan Rahul Aloth
Feb 01, 2026 at 06:30AM UTC • 1 hour 24 minutes

Top skills covered

Artificial Neural Networks

Generative Adversarial Networks (GANs)

Artificial Intelligence (AI)

A stylized, handwritten signature in black ink, appearing to read "Shea H".

Shea Hanson, Head of Learning Content Strategy
